MR.C

Richard West aka **Mr.C** was born in London in the late 60's. He started MCing in the London clubs aged only 16 & soon earned a reputation as a fast talking vivacious rapper working with LWR radio's Ron Tom, Jasper the Vinyl Junkie & Jazzy M. Mr.C went into the studio to record his 1st house track with Eddie Richards as Myster-E which was released in August 1987. This inspired Mr.C to become a DJ to learn more about his beloved House & Techno music so in late '87 Richard took to the decks.
