Bio:

After releasing records on L.I.E.S. and it's offspring Russian Torrent Versions, Caserta native Domenico Crisci quickly rose to prominence among purveyors of timeless Techno. A third record on Eerie cemented his reputation as a careful engineer of effective, crafty dance floor cuts that comfortably sit next to early works of the genre's pioneers. Domenico gathered experience as a DJ for many years, spinning a mix of Acid and Techno with a puristic approach.
